GESARA?

Ban of the "civil death"?

Quote:

"Dein Brandenburg-Preussen brauchen wir nicht bald kommt GESARA so das wir Frieden und Wohlstandt haben. Ist besser wenn du dich verpisst."

("We don't need your Brandenburg-Prussia soon GESARA will come so that we can have peace and prosperity. It would be better if you piss off.")

Well, much of the past enlightenment seems to have been left unintelligible to these supposedly enlightened, especially since the spelling is so deficient, that even the least educated will have floods of horror running down their spine. . Just recently I mentioned, among other things, linguistics research, which discovered: Anyone, who is not proficient in the German language and script carries a **considerable intellectual deficiency** in himself.

These morons, suffering from many mental diseases, are by no means what we need for the construction of our coming sacred structures. What did we learn recently about the use of "das" and "daß", "seit" and "seid", "Mann" and "man"? It seems pointless to to continue to deal with the inferior ones, every hour of sacrificial work is in vain. Just for sake of comprehension, since I'm sure, that many of the readers don't see any mistake in the above quote, here the sentence in correct German written form:

"Dein Brandenburg-Preußen brauchen wir nicht. Bald kommt GESARA, so daß wir Frieden und Wohlstand haben (werden). Ist besser, wenn Du Dich verpisst."

Is really everything good and peaceful brought into this world of horror with the introduction of the prosperity bomb, the GLOBAL ECONOMIC SECURITY AND REFORMATION ACT, thus far only available in text form? Years ago the minds were arguing about this, at times when these "professionals", such as "Frag uns doch " (" Ask us!") were still a long way off, whose camera mascot Alex has been lying to us for months on his TELEGRAM channel, claiming that an implementation of the GESARA plot has already taken place.

As at the time of the discussion, so also today, I am firmly convinced - and my background-knowledge supports my rock-solid certainty in this regard - that an **UNDESERVED** prosperity program would drag the world into an unprecedented abyss.

With quadrillions of sums, reporters like the above-mentioned throw around, a never before seen existing prosperity is in the starting-blocks, all people are suddenly rich and can draw from the fullest.

Yes, really? Are YOU, the reader and attentive observer of the world stage also of this opinion, or are there considerable doubts in your perception of right and truth? What has suddenly happened to this world, since it serves as a springboard for all worlds to come, **where only the merit of the respective conscious person decides about his future?**

If you are a negative being, you will, in spite of all your shortcomings, be granted incredible wealth, and that good man, who studied the truth of perfection all his life, the best, who has always been perfect and honest, has achieved the same level of progress in his being, than the aforementioned useless one?

Professor Franz Hörmann, in my opinion one of the most progressive visionaries of our time, a giant in the field of futurology, asserts in an interview with TAO-Arnulf, that he is the firm conviction, that wealth of this kind, so GESARA was really introduced in the form described (doubts are also written in his face), only at the beginning and until the habituation to the fact: "*All prosperity is available and affordable at any time in large quantities*" plays a role in people's lives. After an acclimatization phase wealth would be rather trivial, or better said incidental, the people would be free of the fear of loss of their experienced high standards at some point. This is also a possibility, but rather an unthinkable one for me.

In my opinion, abundance is reserved only for those, who **earned** it in their trinity. I'm not talking about physical work alone, since MERIT is not the manual work of the craftsmen working with his hands, but much more the striving for absolute perfection of ones being in this earthly realm. Richness in the physical is the sum of a high spirit in connection with the elementary traits of spiritual purity - or, as we know from our Rothschilds, Rockefellers and other creatures of the "children of the devil", the product of the absolutely brazen genocide in connection with the absence of any shame and empathy. A mass murderer, like a butcher, whether human- or animal-slaughterer, will never be able to maintain his acquired wealth in the noblest way, serving his completeness, since he does not live congruent with the ALL-POWER controlling everything in the end. He disregards every true LAW of PURITY, contradicts with his deeds the highest principle of protection of all life. The same "fate" affects everyone, who has an economic connection with the butcher, who buys his "products" from him, since the butcher is only the executing mass-murderer, his actions are only carried out due to demand by the commissioner, who says "*Meat tastes good!*", however out of empathy doesn't want to be involved in killing the poor creatures himself. The energetic and invisible currents of all compounds however, are visible and traceable to the ALL-POWER.

Kasner, the stoop dog of the "B'NAI B'RITH" sect from Israel, radiating all deficiency, is currently acting like the named example and works hereby against all divine creation: From inferior-minded countries, she smuggles radical sub-humans into the Heimath, in order to subsequently endow them with the high German standards. Coming and completely UNDESERVED these non-resident people are called "Germans". Nothing else means GESARA.

A high spirit can provide for himself through his SELF (God). He is not a servant, but a creator of his own life and weaving. As an employed slave in the low-wage sector, the superhuman can not exist, he always takes the path of the sole creator in the earthly world and creates work and diversity by means of his honourable work for those people, who are not of his high spirits. By means of the elementary study of the comprehension of this realm, the high spirit learns to use this world for his own benefit and the benefit of all others, to use his creative potential as a benchmark for the people of the world. The less gifted stick to him quickly, use his knowledge, his abilities without corresponding return, which again results in a rise of the high spirit of the creator, while the beneficiaries again move into a downward spiral.

Everything in this worldly plane is energy, even the human body is made up of pure light. In truth, nothing is subject to a so-called solidity, everything vibrates and flows. No one can escape his MERIT (= fate). The exit of the soul from the local body energy field, known as death, **has to** be, and I want to emphasize this aspect, **voluntarily and taking place after completion of all the desired experiences of the respective being**. Any use of violence to end an earthly stay forcefully, provides the perpetrator of violence with an aspect, that may considerably limit his future experiences, which in truth always happen NOW. Time is a special work of art, that we will look at separately later.

If YOU, dear reader, want to be free and independent, GESARA is the completely contradictory system to your wishes! GESARA is served 100% from the collateral assets of your PERSON ACCOUNT, and if I write about "your" collateral, it is again not available to you in full scope. By this you can repeatedly and pictorially recognize, YOU DO NOT HAVE OWNERSHIP OF YOUR MONEY, because it does not belong to you, it serves purely as a means of extortion of a deceitful structure in the background to put you in a slavish dependency.

In order to be able to grow from the experiences made in this realm, which designates future value, people have to experience themselves, be able to perfect their MIND in connection with their EMOTION, creator of all experiences in this world. Growth can also be negative. To lump people together, to make them dependent on a cult of PERSONS again, to build their laziness and dependence, thus turning them into faceless numbers in the interest of the Satanists, is not at all in the intention of the ALLMACHT.

*"A man will enjoy the wine of nature,
if he is pure, of good character, in purity, pure.
But if his mind of creation is servant to falsehood,
he goes down into his own hell, and rightly so!"*

PERSONAL addiction cults, which for thousands of years have kept mankind in addiction and robbed them of their energies, are no longer possible to implement in the pure age, the ALLMACHT does not tolerate such inferior behaviour. However, in order to test the power of distinctiveness of the humans under the aegis of voluntariness, systemic structures are tolerated, which offer people a small contribution, if they accept the offer of the absorption of their energies. The mass of all people will be very satisfied with the little that the future Lord provides for them. For true freedom-lovers like us, the inadequate and extremely marginal exploitation of our divine content is not even remotely acceptable.

For almost 18 years now, I live in PRIVATE SELF ADMINISTRATION (Private Standing) on this earth. This life is, as free as it may feel, connected to an enormous amount of knowledge, since no one can face the piracy without expert knowledge, without falling victim to the usually in arbitrariness acting employees of the company POLICE. Those, who also recognise the courts and institutions of the criminal gang, which only serve as a means of deception and illusion, as truthful and entitled to execute "sovereign rights", has lost in all respects, see Heiko Schrang. And yet I would not want to lead a different life. From the start of my first tax- and duty-payments, I felt a sense of obligation to end the yoke of oppression. Such fraud, which only benefits the undeserving, I could not and did not want to live with. So I created for myself structures, which gave me a life in wealth, without being a servant of a satanic sect of pirates and exploiters.

In a somewhat simplified and modified form my life in freedom corresponds to the future "Kingdom of Heaven on Earth" of our Brandenburg-Prussia. The people should not be taxed in order to create a huge war- and social parasitic - state. Everybody should be able to live and work freely, show what enormous spiritual power he can and will be capable of in this world, if he is not subject to the control of a pathologically exploiting system, which robs his life energy, to which he alone is entitled.

You are the master of your voluntary actions!

In Liebe und Verbundenheit.
